Description

Steps to Reproduce:

1. Open LinkedIn Mobile App

2. Start registration with valid email and password

3. Reach the email verification screen (6-digit PIN required)

4. Leave the app and open the email app to find the PIN

5. Copy the PIN from the email

6. Return to the LinkedIn app

7. Observe the screen

Expected Result:

User is returned to the PIN verification screen and must manually enter the 6-digit code to proceed

Actual Result:

User is automatically signed in and redirected to the Home feed without entering the PIN code. Email verification step is bypassed

Severity:

Major

Type:

Security Bug
